ADDITIONAL INFORMATION

SWSA believes that all individuals should have the opportunity to participate in sporting activities. To participate in wheelchair sports, a proper chair is necessary to optimize mobility, stability, and ability to perform individual skills. We offer an Equipment Loan Program to make sport-specific chairs accessible to individuals who do not have the resources to purchase a sport chair. To take advantage of this program, the individual must be a member of SWSA (excluding volunteer & club memberships).

CONDITIONS OF THE LOAN

SWSA provides the equipment for the use in:

- Developmental sport programs,
- Training for sporting competitions, and
- Use at clinics, demonstrations, and special events.
- The equipment is **not** to be used for everyday use.

SWSA reserves the right to recall loaned equipment at anytime under the following conditions:

- If the individual/team/club does not maintain the equipment by keeping up general maintenance or abuses, it unduly.
- If the individual/team/club modifies the equipment in any substantial or permanent way without prior permission from the SWSA.
- If the individual/team/club uses the equipment for purposes not designated in the agreement.
- If the equipment is not in use by individuals/teams/clubs.

A limited number of chairs/equipment are available for loan and will be distributed on a first come, first serve basis. Please contact the SWSA office for more information about the available equipment.

COSTS

The sport chairs and sledges available through the program are accessible to SWSA members for a monthly fee. **In addition, the applicant is required to supply credit card information OR a cheque for $250, which SWSA will hold as a deposit if any damage to the equipment occurs, and the chair is returned without the necessary repairs.** Individuals are permitted to borrow a sport chair for up to 12 months, after which time it is expected they will begin the process of purchasing one of their own.

MAINTENANCE

SWSA requires that the user maintain the equipment in good working condition. The user is responsible for the basic upkeep of the equipment and is responsible for the cost of routine maintenance and repairs. Any changes or alterations to the equipment must be authorized in advance by SWSA.
